INVITATION

to a conference

on the theme

My Europe – Our Europe

Come and meet with experienced teams from Greece, Ireland, Sweden and United Kingdom and share with them what they learnt during three years of co-operation within a Comenius action 3.1 project called My Europe.

The aim of the conference is to be more of a start for something new than only a summary of a project. Together with other Comenius projects we want to build thematic networks on the European Dimension – European Citizenship. Therefore the second part of the conference will concentrate on networking where we discuss building of thematic network and future possibilities.

The My Europe project partners invite other Comenius projects, teacher education- and in-service training- institutions to a dissemination conference in Stockholm at [Radisson SAS Royal Park Hotel](#) **June 16 – 19**.

Subject My Europe, a Comenius action 3.1-project about in-service training on the European dimension in education.

Aims Dissemination of conclusions and results from the My Europe project and networking on future possibilities to build up a thematic network with other Comenius projects under the theme My Europe - Our Europe.

We will be happy to share with you the conclusions and the results from our project and to demonstrate to you our products: videos, CD-ROMs and other teaching and learning materials.

The School minister Ingegerd Wärnersson, and the Managing Director of the Swedish Association of Local Authorities, Evert Lindholm, will attend the meeting as well as Marianne Skardéus, Swedish EU Program Office.
